

Whill Model C2 Power Wheelchair

The WHILL Model C2 is a revolutionary approach to power mobility that encompasses all the exciting features of the C. It uniquely boosts user confidence and evokes an active, can-do lifestyle. Its premium performance and superb engineering provide versatility and reliability to experience all-day adventures.

- Mobile phone app compatibility: access the Whill phone app and operate your chair from anywhere, on all Apple & Android devices.
- Improved user interface: ensures all functional controls are in one place, allowing for simple chair control by the user.
- Rear tail lights: improves safety for users in the chair when crossing roads or in high density areas.
- Rear wheel suspension: Absorbs the impact when driving over bump roads or obstacles.
- Up to a 45% tighter turning radius than tiller operated mobility devices.
- Patented front omni-wheels for tight turning and superb terrain coverage.
- Equipped with two powerful motors and engineered for superb stability.
- Electromagnetic brakes provide safe stopping, even on inclines.
- An anti-sway system keeps you driving straight on side slopes.
- Quickly disassembles into three lightweight components for easy transport or storage.
- **Standard inclusions:** lap belt, smart key, black side covers, battery and battery charger.
